To enrich lives through effective and caring service.

November 20, 2006

To: Each Supervisor

From: Dave Lambertson
Director 

Subject: **ENERGY POLICY UPDATE**

On August 8, 2006 your Board directed Internal Services Department (ISD) to develop an Energy Policy for the County of Los Angeles. ISD was directed to coordinate with the Chief Administrative Office (CAO), the Department of Public Works (DPW), the Department of Regional Planning, other key departments and the regional energy companies that serve the County. The motion directed ISD to lead an Energy Policy Task Force and report back to the Board in 60 days with recommendations on a comprehensive energy policy.

On October 5, 2006 we reported that an additional 45 days would be needed for the Task Force to develop consensus among its members on policy recommendations. That report contained a list of the activities and accomplishments completed by the Task Force in developing a draft Energy and Environmental Policy.

The draft Energy and Environmental Policy has been distributed to the Task Force members for final review and comments. The proposed Policy will be submitted for approval to your Board by ISD as a joint recommendation with the CAO, DPW and the Regional Planning Department. We anticipate filing a Board Letter by the end of November for the December 5 or 12, 2006 agenda. A publicly noticed meeting has been set for November 29, 2006 to review the proposed Policy with the Board offices.
